## The MASON LINE

by Chan Mason

It seems incredible, but for the first time in many weeks we can think of a thing to complain about in the little old town of ours, but just so we won't be accused of going soft, we'll take on the little town of Imperial, consisting of some 1700 souls.

The town of Imperial is situated on one side of State Highway 99 about half way between Brawley and El Centro and recently hit the headlines because of a ruckus between the Chief of Police and Sheriff involving a raid on a disorderly house.

The Police Chief resigned as of last week and we can say good riddance. Particularly so as we were in one of two carloads of duck hunters that was pinched last week for doing 55 miles an hour in a 45 mile zone. The State Highway Commission has allowed them to put up a small traffic sign giving the reduced speed limit and also wonders of wonders, a traffic light. Now, of course, we here in the Grove have been trying for a traffic light at Main and Broadway for some time without success. But then, we don't have a local State Congressman such as Ben Hulse from Imperial.

—ML—

All of which brings us to nothing much except to say that wouldn't 1954 be a wonderful year if Lemon Grove could coordinate all the fine efforts of its organizations and individual Civic leaders into a hard-hitting group dedicated to accomplishing something really big for the community.

It can be done. The Kiwanis Club is talking of a swimming pool. The Lions Club is going to divert all their effort toward community betterment. The Junior Women's League and Business Women's League have done wonders this past year and are rarin' to go.

Mrs. Vernier has stepped into the Presidency of the Chamber of Commerce, where no mere male would attempt it and is determined to make it click.

A group of local business men are meeting each Friday to discuss community affairs.

We now have a planning committee where all these worthy projects can be presented and placed as part of an overall plan.

—ML—

We think this can be quite a year but only if past efforts are forgotten. We are all striving for just one thing: A better community and by golly with all this talent champing at the bit, let's get 'er harnessed up and Git a Gittin'.

## Citizens' Committee to Eye School Costs

Temper flared during the holidays as a report of the County Grand Jury was made public, and they charged, by implication at least, that school trustees in Lemon Grove and elsewhere and school executives generally were giving taxpayers a fair shake for their school building tax dollars.

In a report made public to the downtown newspapers it was inferred that school executives are paying \$2 to \$10 per square foot too much for new school buildings.

The Grand Jury did not attempt to substantiate their charges in the newspaper releases and the Lemon Grove REVIEW in an attempt to analyze the Grand Jury's findings has named a five person citizens' committee to investigate and extend the Grand Jury's charges on a local basis. A report of its findings will be made in the REVIEW at the earliest date practicable.

The committee is comprised of Dr. Frank Gigliotti, who is under consideration for appointment to the Grossmont School Board; John Landesco, retired criminologist of Monterey Heights; Dr. David Wilhite, one of our well known Monterey Heights physicians; Mrs. Charles W. Brown, wife of a prominent ear, nose and throat specialist; Robert Von Wiler, an area plastering contractor; and Max Goodwin, publisher of the REVIEW.

The Grand Jury has already indicated that much of its material will be made available to the committee for local study. The committee, which met for the first time Monday, feels that a study will be comprehensive enough to permit a preliminary report in about two weeks.

All findings will be held confidential until a complete report is made public. Dr. Gigliotti, committee chairman stated.

First up will be a study of the new bond issue. School authorities and architects have been asked to sit with the committee at the next meeting scheduled for Monday, when costs involved

## County Assessor To Take Business Statements Earlier

San Diego County deputy assessors are taking statements from the smaller businesses before the first Monday in March, Assessor Arthur C. Eddy said today. This procedure, in the interest of economy, relieves the field deputies from making return calls which are costly to the county. Experience shows that the small type of business generally has the same cost in merchandise throughout the year, and there is no great fluctuation on the lien date. The system is in use in large counties in the state.

Any taxpayer making his tax declaration before the first Monday in March may correct the information given to the deputy if there is any material change in value, either up or down, by writing his office and stating the facts during the first two weeks of March, Eddy said.

## \$17 MILLION WATER IMPROVEMENTS FOR LOCAL DISTRICT

The La Mesa Spring Valley and Lemon Grove Irrigation District board proposed a seventeen million dollar improvement and expansion program Wednesday night at a meeting of taxing district representatives. Improvements would fit the need of area growth for the next sixteen years, proponents state.

Two fund raising devices were discussed. One would double the water use rate and the other would double the tax rate. The water district doubled the assessed valuation of Lemon Grove property last year.

Max Goodwin, REVIEW editor, complained that another "doubling of costs" would be onerous to Grove taxpayers.

## Bus Hearing Set for Tuesday

A public hearing on a Lemon Grove Chamber of Commerce sponsored change of bus route in Monterey Heights will be held Tuesday, Jan. 12th, at 10:00 a.m. in the Junior High School on Lincoln Avenue.

Legal description of the change appears in this issue of the REVIEW. Generally speaking, the petition is to have the "F" bus line loop Monterey Heights rather than have a turn around at Jamacha Road near Lomia Village.

Any interested parties may attend.

## Music Parents Plan Factory Tour

The regular January meeting of the Music Parents Club was held Monday night at the Junior High School with Mrs. Jas. G. McMahon presiding. Reports from all committees were heard, and appreciation was expressed for the fine cooperation given by teachers, parents, and students in the presentation of the very fine Christmas pageant.

It was announced that the next money raising project of the club would be a trip on January 20 through the Chevrolet plant in San Diego. Anyone who is willing to help swell the treasury by donating approximately an hour of time on that date is urged to call Mrs. Robert E. Brown at Home 6-6641. You do not need to be a member of the club to go, and transportation to San Diego and back will be provided by members of the club.

Hostesses during the social hour were Mrs. John W. Madson and Mrs. August J. Bloom.

## PROCLAMATION

During 1953 infantile paralysis hit our State and Nation with such tragic force that more than 38,000 people of all ages throughout the United States were stricken by this dread disease.

The National Foundation for Infantile Paralysis has performed a monumental service in aiding those afflicted—assuming costs of patient care, sponsoring extensive research, providing for the recruitment of professional personnel, and supplying thousands of pieces of vitally needed equipment.

Research has brought us to the threshold of success in the battle against polio, and our generous support is needed to help finance the field tests of a trial vaccine during the coming year.

Between January 2 and January 31, 1954, volunteers in Lemon Grove and throughout California and the nation will call upon their neighbors to join the fight against polio.

It is a matter of vital importance to every person in Lemon Grove and California that the 1954 campaign be an outstanding success. Therefore, I, Goodwin J. Knight, Governor of California, do hereby proclaim the month of January, 1954, MARCH OF DIMES MONTH, and urge every resident of our great state to give generously to this great humanitarian cause, knowing that as we give, we will be striking a strong and perhaps decisive blow against a cruel enemy of all mankind.

GOODWIN J. KNIGHT  
Governor

## Questions and Answers on School Bond Election

During the six weeks before the school bond election which has been called by the Lemon Grove School District Board of Trustees, a column of general questions and answers pertaining to the election will appear in each issue of the REVIEW. Specific questions of residents will be answered here also, if the letters, bearing the names and addresses of the senders, are received at the Review Office.

This week the Citizens' Committee features some introductory, informative material to acquaint readers with the February school election facts.

1. Q. WHEN WILL THE ELECTION BE HELD?

A. Tuesday, February 16, 1954.

2. Q. WHERE ARE THE POLLING PLACES LOCATED?

A. At the four school election precincts. No. 1 Polling Place is Vista La Mesa School; No. 2 is Lemon Grove Junior High School; No. 3 is San Miguel School; No. 4 is Monterey Heights School.

3. Q. WHAT ARE THE VOTING HOURS?

A. From 7:00 a.m. to 7:00 p.m.

4. Q. WHO MAY VOTE IN THIS ELECTION?

A. All qualified registered voters. Residents in doubt as to their eligibility may check with the Registrar of Voters at W-6321.

5. Q. WHAT IS THE AMOUNT OF THE BOND ISSUE?

A. \$550,000.

6. Q. FOR WHAT WILL THE MONEY BE USED?

A. It will be used exclusively for the building of needed classrooms.

7. Q. WHERE WILL THEY BE BUILT?

A. The twenty nine needed classrooms will be scattered throughout the district with some at each of the five schools.

8. Q. WHAT WILL THESE CLASSROOM ADDITIONS PROVIDE?

A. These twenty nine new classrooms, plus the present adequate facilities, will provide housing for the 2800 pupils enrolled here by September of this year.

9. Q. WHY ARE THESE CLASSROOMS NEEDED SO DESPERATELY?

A. At present there are 700 pupils on double sessions in Lemon Grove. Without these additional classrooms, there would be at least 900 boys and girls on double sessions when school opens this fall, with 1200 pupils scheduled for only half a day of school in September, 1955.

10. Q. WHAT WILL THE BOND ISSUE COST THE AVERAGE HOMEOWNER?

A. With a tax increase of thirteen cents on each hundred dollars of assessed valuation, the average homeowner here, whose house is assessed at \$3000, would pay only \$3.90 more. That means that for less than four dollars, he would be helping to provide classrooms for almost one thousand children!

## 'Bargain Days' Set For Lemon Grove Shoppers This Week

The familiar red and green "bargain days" window signs will be up again this week-end in most business houses in Lemon Grove as January clearance time is used as a spring board to offer Lemon Grove shoppers bigger and better values.

## New Faces—New Businesses For L. G.

New faces are being seen this week in the Lemon Grove Laundromat which is just east of the Piggly-Wiggly store, 7857 Broadway.

George and Peggy Bidwell assumed management of the shop last week following completion of negotiations for the shop about a month ago.

The couple resides in Lemon Grove.

Other new businesses opening in the Grove are Balboa Typewriter Company, soon to open at 3435 Imperial, a new barber shop in the Grove Theatre building at 3455 Imperial and an auto parts concern at 3482 Main St.

## School Board Meets Monday

A regular monthly meeting of the Board of Trustees of the Lemon Grove School District will be held next Monday evening at 7:30 at the district office at 3202 Acacia St.

The agenda will include a report on recruitment plans for new teachers for the fall term, and also a report on the completed buildings at the junior high school. These include the recently occupied locker and shower rooms for students in the physical education classes.

Board members have completed inspection tours with district architects, and they will report on findings, in other districts, concerning new types of construction under consideration.

Further discussion of the bond issue to be presented to the voters next month will be held at this time. The public is invited to attend this and/or all other meetings of the Board.

## Freight Rate Cut Held Help to County Development

A proposed reduction in motor freight rates for San Diego County, announced by the Chamber of Commerce for many years, and with potential savings of more than \$1 million annually, was announced last week.

Paul Peninger, Chamber transportation committee member, reported the scheduling of a new freight rate by the Rocky Mountain Motor Freight Bureau.

The rate would be equal with San Francisco and Los Angeles.

The proposal is contained in a docket for hearing in Denver this week.

Change in the rate for San Diego removes an arbitrary charge of 60 cents per hundred-pound on shipments from Los Angeles and \$1.01 on eastbound freight.

Peninger said the potentials from the rate change are vast. "Should the rate be acceptable to Bureau members," he said, "one of the great obstacles in attracting new businesses and industries, and particularly warehousing, will have been removed. It should save San Diego shippers over \$1 million a year."

This rate also affects Lemon Grove shippers.

## Yvonne Riggs Marries Glenn Wallace

Mr. Glenn Wallace, son of Mr. and Mrs. Benny Wallace of 3630 Grove St. and Miss Yvonne Riggs of San Diego were married New Year's Eve at 7:30 in Reformed Presbyterian Church, College and Radio Rd.

Rev. J. D. Edgar officiated and attendants were Joann Shuman, matron of honor, and Jack Peterson, best man. Mary Frazier was flower girl, Linda Shuman, train

Exchange period on Christmas gifts is safely in the realm of history and most merchants have set out wanted merchandise at drastically reduced prices in order to make the bargain days event the most successful held to date.

The REVIEW in order to attract shoppers to Lemon Grove who have not been here before, will circulate heavily in the Vista La Mesa area, covering all homes whether they are subscribers or not. Some homes will receive duplicate copies of the paper if they are subscribers. This is unavoidable in this instance.

The sales event comes after a record breaking Christmas sales period. The business for Christmas, most merchants state, got off to a slow start following Thanksgiving but during the last two weeks before the holidays the pace of business was greater than that ever experienced before in the community.

Lomita Village is responsible for a great deal of this business. The REVIEW blankets all of the residents there. This expense is

## Balloon Sale Next on March of Dimes Drive

The Lemon Grove March of Dimes balloon sale is the next feature in the local campaign, it was announced this week by co-chairmen Chan Mason and Tom Warburton.

Min-Tidiers, Heatherettes and Girl Scouts will sell balloons at four main corners in Lemon Grove Friday at 3 p.m. and Saturday at 10 a.m.

The Telethon, March of Dimes project which was handled by the Lions Club, drew approximately \$300 Sunday morning. Warburton said. The overall March of Dimes is an annual Kiwanis affair.

Meanwhile a chance to win a 1954 Chevrolet was announced by Chan Mason. This has to do with the famous March of Dimes cards mailed late in December to all residents in Lemon Grove.

How to win the new Chevrolet:

1. Write on the back of the 1954 March of Dimes card "Why I gave to the March of Dimes."

2. Deliver or mail your entry to March of Dimes Headquarters, 3785 Fifth Avenue, San Diego 3, California. Write Lemon Grove on the card so this community will receive credit.

3. Entries will be judged on the basis of originality and thought content. Only one prize will be given; no entries will be returned; all entries become the property of the March of Dimes.

4. In event of duplication, decision of Judges Committee will be final.

5. All entries must be in March of Dimes Headquarters not later than 6:00 p.m. February 2, 1954. Winner will be announced within 36 hours.

6. National Foundation for Infantile Paralysis assumes no responsibility for errors.

7. Employees and designated campaign workers, or their families, of the 1954 March of Dimes are not eligible to participate.

8. When returning your entry, please be sure that there is sufficient postage.

"Judges will be polio patients," Warburton said.

All money coming in from cards will be credited to the community from which it was sent.

State legislators are probing liquor law enforcement in San Diego and Imperial Counties at a hearing this week in the Supervisors' Chambers.

The legislative committee was created under a resolution by Assemblyman Ralph R. Cloyd of Chula Vista, and authorizes and directs the Committee on Government Organization to analyze all facts and problems concerning taxes on alcoholic beverages, including the reorganization of the Division of Liquor Control, with particular attention to creating a Department of Liquor Law Enforcement with a director appointed by the Governor, and to analyze all problems relative to the transfer of licenses and the ratio of licenses to population.

Assemblyman Weinberger of San Francisco, Chairman, said the views of local officials and organizations and information from all sources, private or public, will be sought. He said, "We want to know whether there has been continued operation of liquor licenses with bad police records. We want to know about the overruling of local authorities in the issuance or transfer of licenses."

Assemblyman Cloyd has been asked to participate in the hearing.

Singer Margaret Whiting explained during divorce proceedings how her husband, Joe "Fingers" Carr, had invaded the wife's field: "He threw dishes at me," the singer explained.—Fortnight.

## Who's Meeting ---And Where

## Woman's Club Notes

By MRS. FRED SCHENEMAN

To the astonishment of the gentlemen present, Mrs. John Kish broke the pmata at a holiday party and open house given December 29th, by the executive committee of the Lemon Grove Woman's Club for members and their husbands. The ensuing scramble for the contents added to the merriment of the occasion.

Huge sombreros adorning the walls, foliage, serapes and colorful gourds lent a realistic Mexican atmosphere to complement the traditional serving of wassail and refreshments.

Mrs. Paul Harvey was chairman and members of Mrs. David

bearer, Jean Smith, organist with all arrangements handled by Mrs. Bess Shuman. Ushers were Marshall Smith and Elmer Rooby.

The bride's parents, Mr. and Mrs. Howard Riggs, and their three children, arrived from Kansas to be present at the ceremony.

The newly married couple are presently residing at the Grove St. address and Glenn is sales clerk in Lindley's Drug Store.

An estimated 35,000 persons contracted polio in 1953, the sixth straight year of high polio incidence. Four out of five needed March of Dimes help.

AND NOTICE OF HEARING  
THEREON

On motion of Supervisor Rossi,  
seconded by Supervisor Bird, the  
following resolution is adopted  
and notice is ordered by the Board  
of Supervisors of San Diego  
County:

WHEREAS, Frank D. McKenney the owner of certain property in unincorporated territory of the County of San Diego contiguous to the Lemon Grove Sanitation District, has asked this Board (Document No. 165515) to annex said property to said Sanitation District under the provisions of the County Sanitation, District Act; and

WHEREAS, the County Boundary Commission has approved the boundaries of the proposed annexation (Document No. 165698); and

WHEREAS, investigation of the proposed annexation by the Division of Engineering of the Department of Public Works discloses that said property is contiguous to said Sanitation District and that it would be desirable and feasible to sewer said property by extension of said District's lines (Document No. 165504); NOW THEREFORE

BE IT RESOLVED AND ORDERED:

(a) That it is the intention of the Board of Supervisors of the County of San Diego to annex to the Lemon Grove Sanitation District under the provisions of the County Sanitation District Act all of that contiguous unincorporated territory of the County of San Diego, none of which is now included in any other county sanitation district or other district or districts formed for similar purposes, bounded and described as follows:

All that portion of the unincorporated territory of the County of San Diego, State of California, described as follows:

Beginning at the Northwesterly corner of the Southwesterly quarter of Lot 14 of Subdivision No. 3 of Rancho Ex-Mission Map No. 859, Records of San Diego County, said corner being an angle point in the boundary line of the existing Lemon Grove Sanitation District;

1. thence Easterly along the Northerly line of said Southwest quarter and said boundary line to the Southwest corner of the Northeast quarter of said Lot 14;

2. thence Northerly along the Westerly line of said Northeast quarter and said boundary line to the Northwest corner of said Northeast quarter;

3. thence Westerly along the Northerly line of the Northwest quarter of said Lot 14 to the Northwest corner thereof;

4. thence Southerly along the Westerly line of said Northwest quarter to the point of beginning.

(b) That said Sanitation District following said annexation shall continue to be known by that name;

(c) That the Board of Supervisors hereby sets Tuesday, the 26th day of January, 1954, at the hour of 10:30 o'clock, a. m. in the Chamber of the Board of Supervisors, Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, as the time and place fixed for the hearing of objections to the annexation of said territory to said District, or to the extent thereof.

(d) That the Clerk of the Board of Supervisors is hereby authorized and instructed to publish this resolution of intention and notice of hearing thereon at length in at least two successive issues not more than 30 nor less than 10 days prior to the time of said hearing in the LEMON GROVE REVIEW, a newspaper of general circulation in the County of San Diego, in the territory proposed to be annexed, and in said Sanitation District.

## Nurse Chooses Davis for Family Marketing

Hollyhocks—L. G. Guardians of the Garden

Grenadiers of the garden—majestic soldiers standing watch over the beauty that makes a house into a home—this is the appointed task of the stately Hollyhock that flaunts its bright blossoms high enough for all to see and for such a long period of time that they seem to be ever-blooming.

Hollyhocks require space to grow—both up and out—good drainage to prevent them from rotting out and little else to keep them in good health. They are

most decorative and their great spikes of bloom are a grand addition to a spacious garden where they serve best as a fencing screen or a backdrop for less stately growing plant material.

The threat of leaf and stem rust is reduced by planting new plants each year as rust seldom attacks young Hollyhock plants and they do bloom out perfectly in the first year. Even the prized double Hollyhocks bloom true from seedlings and they come in a much wider range of color than the old fashioned single forms.

The large blobs of color start blooming at the bottom of the stem and continue on upward week after week. As the quality of the bloom declines, the old stem should be lopped off and new second growth will shoot up to give another show of color. In areas with prolonged temperate weather even a third crop of blossoms can be coaxied.

Leave it to a nurse to find the best things first.

Sherry Howard, a nurse with the Navy, chooses Davis Food Center to do the marketing for herself and her husband Darwin, who is also employed by the Navy.

The Howards live at 2047 Washington Street and have been shopping at Davis Food Center since they came to Lemon Grove about five months ago.

"I buy everything at Davis," Sherry said. "It is so easy to plan meals when we come to Davis because there are so many things to choose from. The old bugaboo of wondering what to fix for Darwin vanishes because so many different things are on display."

Darwin said, "We are particularly fond of shopping for produce at Davis and I think there are no finer meats anywhere."

Davis is open seven days a week and a recently enlarged parking area with entrances and exits on three different streets makes for additional shopping convenience.

The Center is located on Broadway just west of the railroad tracks, ADV.

Smile . . . A smart-alec Helix senior's remark on small kids: "Almost every child would learn to write sooner if he did his homework on wet cement."

Contest-Time . . . The answer to last week's quiz was, in this order, Dinah Shore, Champ Butler, Ella Fitzgerald and Johnny Ray. Congratulations goes to a Helix freshman by the name of Connie Sherman, who resides at 1810 El Dorado St., up in far-a-way Monterey Heights. Connie is 15, and as I said, in the ninth grade at Helix High. She told me, over the phone, that she moved from La Mesa about 5½ years ago where she originally came from her birthplace, Neosho, Missouri.

Connie is a cute brunette with brown eyes added; she stands all of 5 ft. 5 inches tall and weighs a cool 117 pounds, so she tells me. In her spare time she keeps busy reading all types of books, or decorating her room. Her favorite animals are a little varied in size but she still loves 'em: horses 'n cats. She has a fairly nice collection of movie star pics and loves to munch on steak (who doesn't?) Miss Sherman subscribes to the Review and told me that as soon as she read my

## Civil Defense Notes

By Charles Gurley

All Civil Defense workers of the Lemon Grove area are called to a special meeting by Dr. Frank B. Gigliotti, Zone Warden. This will be held Monday evening, Jan. 18th at 8:00 o'clock at the Youth Center on School Lane, opposite the Fire Station.

"This is a very important meeting," said Dr. Gigliotti, "and we look for a very full attendance of defense workers and the interested public. The subject of this will be 'What Can I Contribute to Make Civil Defense and Disaster Prevention Effective.' Everyone will be given an opportunity to express his ideas. This is a real chance to bring out any good ideas which this community may have on this subject."

"There has been considerable criticism at various levels about Civil Defense, how it has functioned and how it has operated, how much it has cost, how the money has been spent or how wasted. We believe our people should have this opportunity of making their wants known. Remember the date and place, Monday, January 18th at 8:00 o'clock at the Youth Center. Be there!"

column she gave me a quick buzz, which paid off for her, too. The response is ever improving, so if you would like to read a small write up on you sometime, then call me instantly and we'll go on from there. Thanks Connie, and try again.

The question for this week is thus—"What is the state flower of South Carolina and who officially adopted it?" It's easy enough if you don't mind a little research. Who gets congratulated this time? YOU?

Platter Parade . . . You ask, What were the most popular records in 1953 as far as the Helix student thought? Your answer: The most sold in order are thusly—"Till I Waltz Again With You," Teresa Brewer (Coral); "Song from Moulin Rouge," Percy Faith (Columbia); "Vaya con Dios," Les Paul (Capitol); "Doggie in the Window," Patti Page (Mercury); "I Believe," Frankie Laine (Columbia); "You, You, You," Ames Brothers (Victor); "Why Don't You Believe Me," Joni James (MGM); "April in Portugal," Tony Martin (Victor); and "Jambalaya," Joe Stafford on Capitol.

Mind-Matters . . . (Q) Does Going Too Steady Sometimes Kill Romance? (A) Yes, so I've heard from the grapevine at Helix. Ever hear of the statement, "Familiarity breeds contempt"? Three-out-of-four couples get bored seeing too much of each other, and parents many times separate teenagers in order to break up their love affair. At least that's what all the students around THE school tell me. But, of course, most of them go steady anyways. But don't get alarmed, parents, going steady nowadays is entirely different than your day, agree?

## Best Words of All

Mama and Daddy, two of the best known words in the English language, were probably coined by infants, Dr. Arthur Parmelee of UCLA believes.

These words have a striking phonetic similarity in most languages and are two types of sounds. Slight distress among infants is often expressed by nasal sounds m-m-m-ma to which the mother responds. Pleasure sounds such as da-da-da are usually heard by the father as he plays with the child.

Since mothers most often re-

tunity to express his ideas. This is a real chance to bring out any good ideas which this community may have on this subject.

## Local Dentists To Discuss Dental Health

San Miguel P.T.A. will have their first meeting of the year, January 14, 1954 at 7:30 p.m. in the San Miguel Auditorium. Mrs. H. T. Espe will preside.

Mrs. Geo. W. La Dam, Health Chairman, will introduce the Dentist Panel: Drs. Donald Johnson, Robert Swenson and T. W. Lillie, all local dentists who are interested in our knowledge and care of our children. A question period will follow.

Mr. Poulson, accordion teacher in Lemon Grove, will present his band for the entertainment. Refreshments will be served by the Fourth Grade Room Mothers, with Mrs. C. F. Taylor in charge.

The San Miguel P.T.A. hopes to have a complete turn-out for this health program, and we wish you all a Happy New Year.

## You Be the Judge

### HOW YOU APPEAL A CASE

Suppose your case has been tried in court; the jury brings in its verdict; and the judge pronounces judgment. You lose.

Suppose you believe an injustice has been done, that you have not had a fair trial or that the judge has erred in the law. Then you may ask for a new trial. If denied, you can go to a court of appeals. Our courts of appeal—including the Supreme Court—have always been safeguards against injustice. They do more. They help to make our laws uniform when they get out of line.

The Supreme Court of California is a court of appeal, the highest in the state. Let us see it at work.

Let us say the courts in your part of the state have decided cases like the one you lost all in one way. And suppose courts in other parts have decided them in another way. You have two "lines of decisions", as the lawyers say.

But which is right? "Well," you say, having lost, "let's find out."

So you take your case finally

to the Supreme Court. Your lawyer argues for one line of decisions, and your opponent's lawyer, for the other. The judges, then, have before them strong arguments for both sides. They ask questions. Then they retire and argue the case among themselves.

The justices—there are seven of them—must now decide the case one way or another. They want to, so that people can know the law on these points throughout the state.

Though some judges may disagree, the majority finds one side, say yours, the more reasonable. There is a net gain, over and above the justice done in one case. For all men can read and guide their conduct. We have uniform justice throughout the state on the points involved.

**NOTE:** The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

## PAINT ON CREDIT?

CERTAINLY --

Here's What The Newspaper Says:--

**'Paint on Credit' Is Grove Slogan**

"Paint on credit" is now the slogan of Carr's Hardware. According to Hank Carr, the shop's proprietor, home owners may now buy the paint they wish from him on extended payments. There will be no interest or carrying charges, and only nationally advertised brands of paint are carried, he said.

New, Longer Numbers Start 'T' Day

Mrs. La Verne Cook, service representative in the local telephone office, reminds us that T-Day is Telephone Day. It will occur on Sunday, January 24th, the date local numbers will be changed to seven digits.

Lemon Grove telephone users yesterday were urged to continue dialing present telephone numbers until Sunday, January 24th, by Sidney Campbell, local manager for Pacific Telephone.

He said all local telephone numbers will be changed to a seven digit dialing pattern on that date, but that persons calling new numbers before then will receive the wrong party.

He added that telephone employees are making final steps to mail 180,000 adhesive number plates on January 18th. The plates will be sent to all telephone subscribers in the San Diego extended area and will include the new numbers.

Telephone installers already have glued 50,000 similar tear-out tabs on business telephones.

Campbell pointed out the present Homeland 6 prefix will be changed to Hopkins 6 and Homeland 9 will be changed to Hopkins 9 on the 24th. The first two letters of the new prefixes will be dialed then, instead of only one.

## Hospital Auxiliary Meet is Friday

First meeting of the new year by the Grossmont Hospital Auxiliary will be held in Friendship Hall in Lemon Grove from 10 o'clock to 12 noon Friday.

Having completed their 1953 year with success and knowing the hospital will soon become a reality, the auxiliary is looking forward to the 1954 season with great enthusiasm in connection with the work it has planned. Auxiliary officers are reminding members that dues are now payable. Active membership is \$3.00, Associate membership \$5.00 and Life membership \$50.00. The Auxiliary is open to all interested women in the hospital district.

During 1952 alone, 310 iron lungs and 51 other pieces of March of Dimes equipment were sent to California hospitals.

### Bonelli Bolts GOP, Slaps Mirror

William G. Bonelli, chairman of the State Board of Equalization, said this week that he is changing his political affiliation from Republican to Democrat.

"I believe the Democratic Party offers Californians their only salvation against the sinister threat of political domination by the Chandler-owned (Los Angeles) Times-Mirror combine," Bonelli said.

The Mirror recently ran a series of articles entitled "Bonelli's Saloon Empire" attacking his handling of the liquor control responsibilities of his office.

Bonelli's statement said in part: "The picture of this scheming Chandler family, owning and controlling a half-billion-dollar empire, with its 50 million-dollar-a-year income is frightening. All forms of business are being invaded competitively by this hungry and cunning group. The Chandlers wield a dangerous power through vast holdings of real estate, securities, mortgages, oil reserves, lumber mills, cattle feed yards, cotton gins, grain elevators, political indorsement and liquor licensed premises."

"The Times replied editorially: 'Aside from some glaring inaccuracies in his summary of the Chandler family's vast holdings, there has been no substantial change in such holdings during the 26 years in which he has sojourned, and for the most part receive, political indorsement and support from the Times.'"

In his diary, Mr. Bonelli has, in fact, added certain fanciful possessions not yet sought, obtained or owned by the family he attacks, such as, for instance, lumber mills, cattle feed yards, cotton gins, grain elevators."

The Times said there are 300 stockholders in the Times-Mirror other than members of the Chandler family, and that the income was closer to 54 million dollars prior to the payment of nearly 33 million in wages, other costs of operation, employee profit sharing, pensions and other benefits and taxes.

### Teacher is Mending After Accident

Mrs. Martha Whaley, third grade teacher at the Golden Avenue School, is recuperating at her home in San Diego following an accident in which she suffered a broken ankle. Mrs. Whaley was taken to a hospital before the Christmas holidays, when the ankle was broken in an accident occurring during the setting up of equipment in preparation for a Christmas program at the Golden Avenue School.

It's less than a year since Mr. Eisenhower took over the Presidency and there has been a lot of criticism... more about what he hasn't done than what he has done. But, have you stopped to think at all about what he has done?

Remember a couple of things. If you voted for Mr. Eisenhower you voted for a change. And, in voting for a change you voted to go back to what can best be called a sound government... a government that lives within its income... a government that tries to conserve your tax dollars... a government that really makes an effort to practice economy... and so if you are interested in economy in government.

**It is Time to Know Better.** Arthur E. Summerfield... The Postmaster General... He's been saving you about \$1 million a day since he's been in office. The Summerfield story is one of those stories of the Eisenhower administration about which little is known... but much should be known. It's another reason why the Eisenhower administration needs a BRASS BAND and a BUGLE CORPS to tell the public what is going on.

Mr. Summerfield happens to be one of those businessmen... whom the New Deal-Fair Deal columnists and commentators hold up to ridicule... but he has a reverence for the taxpayer's dollar. This is something that administrators under the New Deal-Fair Deal did not have. Mr. Summerfield learned to respect a dollar by working his way up as a real estate salesman, an oil distributor and as owner of one of the largest automobile sales companies in the nation.

When he took over his present job he found that the Post Office Department had drownded on for 20 years in its own Sleepy Hollow... sort of like a modern Rip Van Winkle... while the world had raced on. He could hardly believe when he looked at the books of his department that the postal deficit since 1935 amounted to more than all the money that Henry Wallace and his successors as Secretary of Agriculture had spent for the farm price support program.

Another thing which startled Mr. Summerfield was, to use his own words, "We found no certified public accountant in this vast money handling organization." That is astounding when one considers that the post office establishment is the largest federal commercial-type enterprise with expenses of over \$3 billion per year... employing more than 500,000 people... and involving a business transaction from postage sales, money orders, postal savings and the like of more than \$10 billion annually.

Well, how did Mr. Summerfield save \$1 million a day? He did two things. First, he raised postal rates on all classes of mail that he could increase without obtain-

## "Hollywood Highlights"

By BOB TURNBULL

In place of my usual "Platter Parade" column this week I'd like to take you on a personally escorted tour of Hollywood. As you well know Hollywood is a fabulous city, but even more so when you go behind the scenes. So here is a little of Hollywood as seen by two young guys (Lanny Ross and your truly) when we spent a few days as a tourist.

Lanny Ross and I left Diego Thursday morning, December 31 and we arrived in Hollywood at five a. m. and went to the Hollywood Hotel where we had our reservations. There was a slight mix-up so we cancelled our reservations and decided to stay in a brand new modern motel, "The Yucca Motel." It is located on Cahuenga Blvd. It's easy to find since it's in the heart of Hollywood, two blocks west of Vine Street and one block north of Hollywood Blvd.

After we checked in the motel we had a bite to eat at Coffee Dan's. Around 1:30 p. m. Lanny & I went down to my father's radio station, KHJ, Mutual Drive, on Vine Street and watched, from the control booth, my Dad produce "Queen for a Day" on television. A wonderful show to watch with genial Jack Bailey as the host. We then went to lunch at the Tele-square, which is located directly across the street from KHJ.

I think for now that will do for a starter, but be sure to read his article next week when I'll tell you all 'bout these things: Radio's "Prince for a Day," the new cinemascope movie, "Knights of the Round Table," Hollywood & Vine Streets on New Year's Eve, the new Cinerama, the Moulin Rouge nightclub, Peter Potter's "Juke Box Jury" show on TV, radio's "Phil Harris Show," and many other sights to see.

**Special Meetings at V.L.M. Christian Church**

The Christian Men's Fellowship will meet Friday, January 8th for a pot luck dinner at 7 p. m. New officers who will take charge are: president, Mr. Robert Jonolly; vice-president, Mr. Robert Johnson; secretary-treasurer, Mr. Clair Frasier.

The Christian Women's Fellowship will have a special guest Miss Dimple Heather, a Disciple missionary home on furlough from Mexico. She is a sister of Mrs. Floyd Turner of this church. The date is February 9th at 7:30 p. m. A fellowship hour with the

ing Congressional action. On rates that require Congressional action, he encountered stiff opposition. He still has this fight on his hands this winter. Second, he began putting efficiency into administration. (This is something Washington knew little about and a lot of people got mad.)

Until Mr. Summerfield took over... the Post Office Department was required by law to handle without charge all mail from all the other government departments, bureaus, commissions and agencies. There was no check whatsoever on the cost of this service. Now these departments, agencies and the like must go before Congress and justify what is being spent. This also includes the free franking privilege given to members of Congress. This change in procedure saved the postal service about \$115 million alone. The increases in postal rates have netted another \$200 million.

Some efficiencies include... the use of nylon pouches for air transportation at a saving of \$800,000 annually... The elimination of 415 fourth-class post offices by shifting their operations to rural delivery service at a saving of \$600,000 annually. There, as another example, mail box posts are no longer purchased in Baltimore for \$3.92 each and then shipped to the West Coast at a cost of from \$11 to \$15 in freight. They are now purchased on the West Coast for \$6.70 each. Well, the details go on and on... but such is a thumbnail sketch of what Summerfield and the Deputy Postmaster General, Charles R. Hook, Jr., are doing.

Invitation to  
Camelia Meeting  
Given Grove Residents

The San Diego Camelia Society January meeting will be in the Floral Building, Balboa Park, at 7:30 p. m., January 8th, 1954. Special homage will be paid to "old time" members.

Speaker of the evening, Harvey F. Short, will discuss the merits of old and new varieties of Camellias.

The Blossom Display should be the largest shown to date this season as the blooming period is nearing its peak.

Members are requested to bring Flower Arrangements. Lemon Grove visitors are cordially invited to attend.

Robert Allen to  
Address Begonia Society

La Mesa Begonia society will meet Monday at 7:30 in the Porter Park clubhouse, with the president, Mrs. P. P. Lee conducting the business meeting. Mrs. Alice Piffinger, vice president, will present Robert Allen, of the Hanlon Bros. nursery, who will talk on the proper care of bare root roses and fruit trees. A social hour will follow.

## Old Xmas Cards Have Morale Value

The call is out for old Christmas Cards. All old Christmas cards brought to the Lemon Grove Library will be taken to Naval Hospital, Balboa Park, where they will be greatly appreciated by the boys using the hobby shops.

Other needed materials are old lamp shade frames, costume jewelry, pieces of leather, musical instruments and complete packs of playing cards. Mrs. Randolph Morse will see that all items contributed for this worthy project will be delivered to the hospital. Articles may be left at her home at 8354 Golden Avenue.

Approximately 237,000 children in 21 communities received gamma globulin inoculations against polio paralysis in 1953. This year, the March of Dimes hopes to provide enough funds to inoculate at least 2,000,000 with GG.

Ruth group in charge will follow the program. Either of these groups would be glad to have you visit them.

## M. H. P.T.A. Meet Set for Wednesday

The Monterey Heights P.T.A. will meet January 14, in the school auditorium at 7:30 p. m. Theme will be "Children and Parents Throughout the World" with speaker Mrs. Harold Crow. Hostesses will be Second Grade mothers.

The polio prevention program for 1954 will cost the March of Dimes \$26,500,000 in addition to the regular expense of patient aid, scientific research and professional education.

Since 1938 the National Foundation for Infantile Paralysis has authorized polio research grants of \$3,611,747.78 to eleven California institutions.

Widow's Dream Comes True

Mrs. Lois McCaskill is a widow who works as a hostess in Hollywood's Tick Tock restaurant. Her husband, Malcolm McCaskill, wildcat oil driller, died in March of 1952. Last fortnight the Mississippi Supreme Court ruled Lois was entitled to a widow's share (one third) of his estate.

The late driller's holdings are valued at \$50 million today and may be worth much more. The legal hassle resulted from a divorce suit filed by Lois some years ago in an effort to shock her husband into a pattern of more sober domesticity. But McCaskill saw his wife, and she returned to him and never went through with the suit.

After shoeshoeing drilling all over Mississippi Lois finally returned to Hollywood to put her son by a former marriage through school and take care of her mother.

And finally down in Mississippi Malcolm hit the jackpot. It was less than a year before his death that his discovery well blew in. It ran off \$35,000 worth of oil a day for three weeks before they could cap it.

Mrs. McCaskill's attitude toward the court decision was calm. "It's only money," said she. "I'm going to stay at my job. I like working. I like the girls here. I like my job. But," she added, "I'm going to do a lot of good with the money."—Fortnight.

During the past 16 years the March of Dimes has provided \$20,500,000 for polio research and \$18,900,000 for public and professional education.

The 1954 March of Dimes needs \$75,000,000, the greatest sum in its history, to finance its 4-point program of polio prevention, professional and public education, scientific research and patient aid.

## LETTERS TO THE EDITOR

Dear Editor:

In regard to the new very worthwhile committee formed for the purpose of investigating the expenditure of school funds, may I suggest that the Lemon Grove voters might like an explanation before the next bond election as to why, if classrooms are so vitally needed and the condition is so serious in our local schools, were funds not used for this purpose instead of building shower baths as was stated in a recent REVIEW.

BEATRICE L. MORSE  
(P. S. Now let's have a few letters pro and con roll in.)  
B. L. M.

ERLE STANLEY GARDNER, attorney and mystery author, urging better public relations for attorneys: "There are two classes of people who have poor public relations, it seems. There are mothers-in-law and attorneys-at-law." Fortnight.

## Christian Scientists Hold Communion Service

On the second Sunday in January one of the regular Communion services is held in all Christian Science churches. "Sacrament" is the title of the Lesson-Sermon, which opens with the Golden Text from Galatians (3:26, 27): "Ye are all the children of God by faith in Christ Jesus. For as many of you have been baptized into Christ have put on Christ."

These words from the Apostle Paul (1 Cor. 10:16, 17) will be read from the Bible: "The cup of blessing which we bless, is it not the communion of the blood of Christ? The bread which we break, is it not the communion of the body of Christ? For we being many are one bread, and one body; for we are all partakers of that one bread."

More than one-third of all the money raised in the 1954 March of Dimes will be used to buy gamma globulin and carry out field trials aimed at testing a trial vaccine against polio.

## Badminton Stars To Show in S. D. Contest

Lemon Grove sports fans are invited to see the nation's top badminton stars swing into action Friday, Saturday and Sunday nights, in the first annual Southern California Municipal Athletic Federation Badminton Tournament at Balboa Park gym in San Diego.

The S.C.M.A.F. organization, holding its first shuttle tourney embraces every municipality in Southern California including San Diego communities of La Mesa, Chula Vista, National City and Oceanside. Events in the tourney will include men's and women's singles, doubles and mixed doubles in A and B flights as well as veteran's doubles.

March of Dimes funds have brought the latest polio treatment methods to California. Your community and its physicians are better able to fight the disease because of your contributions.

## L. A. Philharmonic In Concert Sunday

First local major musical event of the New Year will be the Los Angeles Philharmonic Orchestra's concert in Russ Auditorium, Sunday evening at 8:30.

Alfred Wallenstein will conduct and the celebrated Belgian soprano, Suzanne Danco, will be guest soloist.

Miss Danco is a member of famed La Scala Opera in Milan. For her San Diego appearance, Miss Danco will be heard in Schubert's "Offertorium," Mozart's "Motet Exultate, Jubilate" and in three excerpts from Berg's opera, "Wozzeck."

Orchestral numbers programmed by Wallenstein are "Capriccio for Orchestra" by Von Einem, Beethoven's "Overture to Coriolanus," "Symphony No. 4 in D Minor" by Schumann and Brahms' "Hungarian Dances Nos. 17 to 21."

In 1953, the March of Dimes sent 573 nurses, 99 physical therapists and three doctors into stricken areas to meet the threat of epidemics.

## County Fair Changes Name — Sets Dates

DEL MAR—Effective this week the San Diego County Fair will be known as Southern California Exposition & San Diego County Fair. Chaffee C. Young, president of the Board of Directors announced to San Diego County residents last night, 1954 Exposition dates are June 25 through July 5.

No change in policy or set-up is effected, Young said. The Exposition will remain under the sponsorship of the 22nd District Agricultural Assn., State of California. Paul T. Mannen, Del Mar, will continue as secretary-manager, a position he has held since 1949. The Del Mar Turf Club will conduct its annual summer meeting on the Exposition's race course, July 27 through Sept. 11.

Mannen stressed the fact the agricultural aspect of the show was not being reduced, but in effect, expanded.

Indicative of the Exposition's growth is the building program scheduled this year. Crews are on the grounds erecting a Don Diego Clock Tower, additional horse barns, comfort stations and a building for dressing and shower facilities. The flower show, one of the largest of its kind in the West, is being completely renovated. Under a cooperative plan with the Del Mar Turf Club, the grandstand will be enlarged by more than 2000 seats. Infield beautification and improved parking facilities also are contemplated.

Negotiations are under way to bring out several top-notch attractions from the East for this summer's Exposition. Mannen recently returned from a "show shopping tour" in Chicago and New York. Free entertainment to be presented at the Exposition, he said, will be the most elaborate ever staged here.

Admission prices and the one-day gate will remain intact. Young pointed out. Adults still will pay only 85c, children, 25c. All attractions on the inside will be free to Exposition visitors.

## Important Artists On Master Series

Some of the top talent on the American musical scene has been booked into San Diego this year on the Master Artist Series, sponsored by the California Music and Arts Foundation.

The brilliant young American pianist, Grant Johannesen, opens the series Thursday, Jan. 14 in Russ Auditorium at 8:30 p.m.

Yma Sumter, Peruvian songbird, who has won fame all over the world with her unusual voice, which has a phenomenal range of five octaves, appears on the series Jan. 24.

Marian Anderson, world famous contralto, has been billed for an appearance Feb. 10.

Ballet Theatre, America's leading company, numbering 100, comes Feb. 20 for a matinee and evening engagement and a matinee on Feb. 21.

Anna Russell, international concert comedienne, makes her first local appearance March 16.

The series winds up April 24 with a joint recital featuring two talented young musicians, Georgia Laster, the young soprano who won the coveted Naumburg and John Hay Whitney awards this past year and Donald Gramm, bass baritone, member of New York City Opera.

Right from the start young Emmett Ashford was ear-marked for big things. A likable, even-tempered, clean-cut American kid, he excelled in sports at LA's Jefferson High School, made the honor-roll, edited the school paper, and in his senior year was elected student body president. At LA City College he played baseball and developed an aptitude as well as an affection for the difficult trade of umpiring. After a stint in the Navy he decided to go all out for his chosen profession. Starting in the Southwest International League and progressing through the Arizona-Texas and Western International Leagues, he gained a reputation for being one of the most colorful, fairest, toughest and best-liked umpires in baseball. Last fortnight Emmett Ashford was signed by the Pacific Coast League, thus becoming the first Negro umpire in PCL history. Fortnight.

Admission prices and the one-day gate will remain intact. Young pointed out. Adults still will pay only 85c, children, 25c. All attractions on the inside will be free to Exposition visitors.

The "Citizens' Educational Creed" has been prepared by Phi Delta Kappa, an honorary educational fraternity. Recently the Review carried Part I of the Creed, dealing with the beliefs of the citizen. Part II stresses the citizen's attitude toward and re-

## Citizen's Educational Creed . . . Part II

As a citizen of the community, I will maintain the following relationship with the Board of Education:

1. I will vote at all School Board and other school elections after adequate study of the issues.
2. I will recognize the authority vested in the Board of Education by the community.
3. I will consider it my duty to attend occasional meetings of the Board and/or keep myself informed on School Board matters.
4. I will expect the School Board to employ a well-trained teachers and other personnel.
5. I will expect the School Board to act as a legislative body.
6. I will expect the School Board to employ competent, well-trained teachers and other personnel.
7. I will submit in writing to the Board all requests or complaints concerning policy or procedure.
8. I will recognize that all School Board business must be transacted in open Board meetings.
9. I will recognize that individual Board members are the same as any other citizens when they are not in session.
